They were placed 3rd overall in a large and highly competitive section. The adjudicators feedback included, 'an excellent discipline providing the opportunity to display proficiency in technical skills of various instrumental groups' Thank you to all students for their commitment and application in our music program. It is always a pleasure to take our students on excursion, as they display our school values so well. We appreciate the support we receive from the Murray Conservatorium, Henty Public P & C, Henty Rotary and the Bendigo Bank over the past number of years.

Class Notes

Year 2/3

Joanne Malmo

I am quite impressed with the free verse poems the students published for homework. This week, the students have been asked to make a list of ten onomatopoeic words from around the home. These are words that imitate sounds, e.g. bang, pop, click, growl etc. I have asked the students to make a design with one of these words and we will display these in the classroom. This is the last week for homework for the term and I will be inviting the students who have been diligent with homework completion, to join me for a hot chip lunch next Tuesday.

Next week we have a special treat, all the students will be participating in a two hour session with the Flying Fruit Fly Circus in Albury. Kinder - Year 3 will be attending on Wednesday and we will be leaving school at 9.30 and returning after lunch. The students are required to wear sports uniform on this day. Dance lessons will be held on Thursday next week. We are grateful to the Initiative of Sporting Schools who are providing this opportunity to our students at no cost.

Thank you to the students who have brought in the required costume items for the gala night, please send these to school fully labelled.

This Friday the students may wear footy colours and bring a gold coin donation. The money raised will help support children with cancer.

There is scripture this week.

Year 4

Julie Clancy / David Pickett

Welcome to week 9! The term has really accelerated along with next week being the last week of term. Henty Public School welcomes Bijou Rimi and her family to our school. She has made a great start in the classroom and all the students have been very welcoming.

We are very fortunate to receive funding that allows our school to participate in a gymnastic workshop being held at the Flying Fruit Fly venue in Albury next week. The session will last for two hours and involve six skill rotations. THERE IS NO COST FOR THE WORKSHOP. So please ensure the signed permission note is returned by THIS Thursday to secure a place.

This week in the classroom, the class is exploring the Y and U (yoo) sounds (as in YoYo and compUter). They have discovered more graphemes that can make the sound - EW in knEW and UE in rescUE. In writing, the students have been looking to expand their skills when writing descriptive text. Building on from using the five senses, we have practised using similies, adjectives and adverbs. Reading has focused on identifying key points in text and using this as the basis for summarising, and to answer comprehension questions. A reminder that Reading Eggs can be accessed from home, I can print off your child's login details if needed. In maths sessions, the students are defining odd and even numbers, identifying rules in number patterns and linking repeated addition to multiplications.

Dancing will be on again tomorrow. The class is doing a great job with their routine and can't wait for the night. Homework is going home today this week. Blake and Jasmine are our leaders for the week.

Class Notes

In Science we have started an assessment task based on product road maps. Students are researching and creating a product road map based on chocolate, bread or milk.

On Friday is Footy Colours Day. Students are encouraged to wear footy colours resembling their favourite team in soccer, AFL, rugby union or rugby league. A gold coin donation will be appreciated as all donations will go towards raising money for children with cancer.
