WELCOME TO OUR NEW
KINDERGARTEN
STUDENTS FOR 2022

PRINCIPAL'S MESSAGE

Dear Parents/Carers,

It's great we have some easing of COVID restrictions leading up to the end of the year. Assemblies will resume for students in the hall, intensive swimming and swimming for sport will start soon, a Year 5/6 camp in the local area as day excursions and a Year 6 graduation ceremony with parents/carers in attendance similar to last years event will now all go ahead.

Unfortunately parents/carers are still not able to attend assemblies. As soon as this changes I will be sure to let everyone know. Any external service provider and parents/carers who come onto the school site will now need to show their double vaccination status when they sign in. This includes school functions held outside of regular school hours.

I know from the TTFM survey results that parents/carers are keen to be involved in the school. At the moment there are two upcoming events you can join in. The first is the P&C, which is a dedicated and friendly group of parents/carers who provide valuable support to the school. The next meeting & AGM will be held in the school library on Wednesday 24 November from 5.30pm. I hope to see you there.

The second is a working bee on Sunday 28 November at 10:30am to get the schools community garden project up and running. The students are keen to start planting seeds and seedlings now that the fencing project has been completed. The garden beds need to be levelled and filled with soil, the watering system finished off and a Greenhouse donated by Bunnings constructed and put in place. If you are available to assist please register your interest with the front office.

I have watched a GALA rehearsal this week and I know you'll be impressed with this years production. Next week is another busy one with GALA filming, Captain and Aboriginal Leaders Speeches and voting for 2022 and the Year 5/6 excursion. The term is certainly a very busy one!

Ms Fiona Hoath

Year 5/6 - McKenna

Henty Public School AWARDS

Be Responsible

Be Respectful

Be a Learner

Henty Public School recognises positive behaviour in both the classroom and playground for the above three areas.

WOW cards - Students may receive a WOW card from any teacher within the school to recognise their PBL achievements throughout the week. This card is then placed into a box in the office where each Monday a name is drawn as the WOW card winner for the week. The winner receives a \$5 voucher to spend on either stationary or at the school canteen and stars in the Kalori newsletter.

Awards Presented at Assembly

Class/Teacher Awards - Awarded to a student who has achieved particular outcomes within their classroom.

Principal Awards - When a student has received 5 class/teacher awards throughout their schooling they will receive a Principals award for their achievement.

Honour Award - Awarded to a student who has received 5 Principal awards throughout their schooling.

When your child is eligible for the above awards please send the correct 5 cards to the office to receive an award at the next assembly.

Henty Public School

WOW CARD WINNER

Akyrah & Claire

Congratulations to our lucky winners of a voucher to the value of \$5.00.

WOW cards are given to students to recognise their PBL achievement at school during the week and are placed into a box in the office.

YEAR 2 GREEN

Here we are in Term 4 already! We are not sure where the year has gone to but we are still very busy with our learning and we want to let you know what we have been doing so far this term.

Speaking & Listening has a new roster for the next 5 weeks and students took a copy home as well as the post on Seesaw. The class has become so confident in their public speaking and are very keen to have further opportunities next year, in a more competitive forum.

Gala is not far away and we are pretty happy with our dance. Thank you to all the families who have sent in their costumes. Luckily for us it is only a t-shirt for boys and the rest we can access from the costume room. Sunglasses are an optional item, but not compulsory. We hope you enjoy watching the dance in week 9.

Our class, with Year 3, have been maintaining contact with the residents of Henty Hospital, to keep them cheered up with reduced contact etc. We sent them cards earlier in the term and we received beautiful hand made cards back, which we enjoyed reading. See photos below.

Our Science unit this term is called *Living Things Change*, and the class are exploring the patterns of growth and change in living things, including making predictions about what they think will happen as things grow. We look for patterns and connections between species as well as differences.

Geography has a focus on *People and Places*, We have looked at why places have addresses, and the reason behind names of places and how those names were decided and given, this includes the cultural meaning behind many names and their importance.

Keeping yourself Safe is our PDH topic and we look at farm, beach, online and personal safety. Students identify the people and places that can help them keep safe, as well as how we help others keep safe.

Our text type is *Informative* and the class have been busy with Procedures. We shall finish that next week and commence on our *Narratives*, which will be Poetry, and we can't wait to start!

Numeracy covers a wide range of topics and students are keen to take on the challenges of the different areas within Maths. Our current focus of Multiplication & Division will take place for another week, combined with Time, so please take the opportunity to practise time with your child as it can be a difficult concept for students to master.

Mrs Liston

YEAR 3 YELLOW

How fast this year is flying by!! With such a busy start to term 4, year 3 has been engaging in some wonderful learning experiences. We have been exploring many different language features in our English lessons. The most popular being wordplay and puns during our poetry unit. This had everyone in fits of laughter, it always helps when learning is fun!

Our students have been loving playing cricket with year 2 during Friday PE lessons. Everyone has tried their best and seeing how quickly their skills have developed has been very impressive! Our swimming testing will begin this week, and each year 3 student has taken a note home!

Our year 3 students have also been working very hard on perfecting their Gala dance. Everyone is very excited for dress rehearsals this week, before filming our performance.

Year 3 have been engaging in some active learning during our sciences lessons. Our unit this term is Food & Fibre. All the students were enthusiastic participants in our experiment where we designed, produced and evaluated our own irrigation systems! It is so wonderful to see the students work together and support each others success!! We are very excited to see what the rest of the term brings.

Mrs Morey

AROUND THE SCHOOL

HENTY PUBLIC SCHOOL

P & C AND AGM MEETING

Zoom to the Wednesday @ | 5:30 pm
24th November

ARE YOU INTERESTED IN HELPING YOUR CHILD AND THE SCHOOL? Join the P&C and have your say on where and what to spend fundraising on around the school. It is a great opportunity to meet other parents and get involved. We would love your input.

All parents/carers welcome to join the meeting.

ZOOM: [https://nsweducation.zoom.us/j/69242801493?](https://nsweducation.zoom.us/j/69242801493?pwd=WUtET3gxSVpESVFiSjF3Z0pSVzldzd09)
